Dear Vicky,

Thank you for your school's recent application for the Schools Health and Wellbeing Award (SHWA).

As you may be aware, all applications are reviewed by a validation panel who request a range of supporting evidence as part of the quality assurance process for this award framework. The additional evidence requested has been supplied by your Schools Health and Wellbeing Co-ordinator(s), Ms K. Walker, Ms C. Dobbing and Ms. J McHugh.

Following review of the requested evidence, we are delighted to inform you that Glynwood Community Primary School has successfully achieved the Schools Health and Wellbeing SILVER Award.

As a SHWA School

The Schools Health and Wellbeing Service (SHWS) exists to support and encourage school development within the area of health and wellbeing. As a SHWA school, you are recognised for the work you are doing to develop and enhance your existing level of provision through engagement with this award framework and the associated self-review process.

We celebrate your commitment to developing and enhancing health and wellbeing within your school. In turn we would also like to thank you for your contribution to the overall vision of this service:

...the belief that ALL children and young people have a right to be healthy and that healthier children are more likely to achieve at school and in life.

...School health and wellbeing is not just about children and young people; it is about involving the whole school and wider community together with local services and agencies.

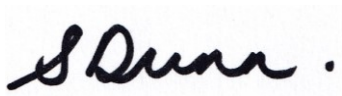

You will receive a framed certificate to be displayed in school as well as a digital logo that you are welcome to use on your headed paper etc.

We hope with your new Schools' Health and Wellbeing SILVER Award that you will continue to develop health and wellbeing provision in your school.

Your award is valid until 26/06/26 (two years), subject to the completion of a review at the end of year one. As a recipient of the SHW award, you may now apply for an innovation award. Schools have the option of achieving 'Innovation' status by submitting a written/video case study, designed to showcase an area of innovative and effective practice.

Once again, a huge congratulations on the achievement of your SILVER Schools Health and Wellbeing Award.

Best wishes,
